

# The Fleece & Fiber Sourcebook: More Than 200 Fibers, from Animal to Spun Yarn

This one-of-a-kind encyclopedia shines a spotlight on more than 200 animals and their wondrous fleece. Profiling a worldwide array of fiber-producers that includes northern Africa's dromedary camel, the Navajo churro, and the Tasmanian merino, Carol Ekarius and Deborah Robson include photographs of each animal's fleece at every stage of the handcrafting process, from raw to cleaned, spun, and woven. The Fleece & Fiber Sourcebook is an artist's handbook, travel guide, and spinning enthusiasts' ultimate reference source all in one.
