

## Hamster Care: The No Fluff Guide (No Fluff Guides)

Hamsters are the most friendly of creatures, and as such they make perfect pets for children. However, there is nothing worse than ending up with a pet you know nothing about. As parents we often give in and get our little darlings their desired pet but then go into panic mode as we desperately find out how to look after them! Knowing in advance what to expect does away with the stress of finding out things as you go along. Knowing beforehand what you need to buy and how much it will cost initially, as well as daily costs relieves the tension of never knowing when to stop. In this guide, you will find pages and pages packed full of information and advice on caring for your hamster. The emphasis of this e-book is to know up front what is involved so you can make wise choices. Did you know that in a small amount of cases it is better NOT to buy a hamster? With more than 20 topics of critical information The No Fluff Guide is a must for all who are serious in caring for their pet. Being well prepared will make all the difference to either being constantly worried whether you are doing things right, or at peace knowing you are doing things right! You can also gift this book to a friend who is considering buying a hamster now there's a thought!
