

The Loss and Gain Struggle - How Binge Eating Disorder Transformed My Life

The Loss and Gain Struggle: How Binge Eating Disorder Transformed My Life written by: Camille Heimbrod. In a world where we all obsess over our health and our weight, eating disorders sit at the most extreme end of the scale as a very real human condition. In this shocking yet inspiring autobiographical story set in the contemporary Philippines, Camille Heimbrod, an ordinary woman, takes the extraordinary steps to face and accept her eating disorder. The reader is given an opening into the fascinating life of a woman who openly recognizes and explains the extremity of her disorder, relating the unending circle of self destruction that had affected her life and subsequently that of her friends, family and co-workers before her decision to make a change. The story takes us through a journey of emotions that we can all relate to with our own, personal trials and we find ourselves realizing that in life, the most important help you need is in fact inside you, and finding help can be as simple as making the decision to help yourself. Read Camille Heimbrod's compelling story about binge eating disorder, and buy *The Loss and Gain Struggle* now!
