

## Penguin India Career Guide Vol. II: The Sciences (v. 2)

The second in a two-part series, this revised and updated volume covers the opportunities available to students and professionals in the sciences. It deals at length with both traditional and new career options. It covers subjects such as information technology, nutrition, gems and jewellery and footwear technology, and is equally attentive to the more familiar professions like medicine, the Armed Forces, engineering and veterinary science. The book also contains an exhaustive list of colleges and institutions.
