

Think Pink in Plastic Canvas

In this new release from The Needlecraft Shop, eighteen projects such as a tote bag, tissue box, photo frame, bookmark, basket, checkbook cover, key chain and wall hanging are dedicated to the awareness of Breast Cancer. Each design can be stitched with love and given to an individual or family member that has been touched by the challenge of this disease. Some designers have shared personal stories in hopes that their words will encourage others and help them to keep a positive and optimistic attitude.
