

# TV Sets: Fantasy Blueprints of Classic TV Homes

Author and artist Mark Bennett compiles his entertaining collection of blueprints extrapolated from the storylines and sets of the 1950s to 1980s television sitcom homes millions of Americans grew up with. An extraordinary work of imagination, these blueprints of TV homes that are as familiar to us as our neighbors den and backyard give us a fascinating real life view that the camera angles never offered. From Ward and June Cleavers house to Rob and Laura Petrie's apartment to Mary Richards' Minneapolis bachelorette apartment to the Jetsons house in the clouds, each home is lovingly recreated with painstaking precision in the fine blue lines of architectural blueprints.
