

## Whos Who In the Kitchen: 1960s Nostalgia Edition - Annotated

PREMIUM, Annotated, Full-Color Edition of Whos Who In the Kitchen: 1960s Nostalgia Edition, a compendium of personal recipes with anecdotes from the Washington D. C. celebrity power elite of 1960-1961, including Hollywood-Washington movers and the Georgetown set glitterati. Authentic reproduction of the original. Recipes were actual homespun family recipes, not PR pieces or handouts making this unique. A portion of each sale went to the Gold Star Wives military family support organization and this motivated the celebs and politicians to reach deep into their personal files. Fun read for baby boomers. Fun to cook some of these as well, and note whose recipe it was. In the spirit of the original, a portion of each sale will go to the Wounded Warriors Project.
