

Torah Through a Zionist Vision: Volume 2 Vayikra, Bamidbar and Devarim

This volume covers Vayikra (Leviticus), Bamidbar (Numbers) and Devarim (Deuteronomy) and is the first of a two volume set. Setting himself the task of helping each individual penetrate the Torah to make the text his/her very own, Rabbi Feder has drawn upon sources from the Jewish past halakhic and aggadic midrashim, and the medieval, modern and contemporary parshanim (interpreters) as well as contemporary authors to provide fresh insights into Torah, from familiar biblical figures to concepts in Judaism. Topics such as moral responsibility, Jewish peoplehood, the Synagogue, and humility come under new light within the framework of the traditional. Masterfully written, this book presents the challenge to Diaspora and Israeli Jews living in the era following the national resurrection of Israel to experience listening to the Torah in the light of such renewal. For the Jew living in the Diaspora, listening to Torah must be hearing, therefore, a Zionist call. For the Jew living in contemporary Israel listening to Torah is also hearing a Zionist call for a Judaism with a renewed Torah that is a beam of spiritual, moral, political, and cultural light. Readers of this volume will gain Torah knowledge vitally relevant to our time and to their own lives. Author Bio (3900 characters maximum): Invalid input characters filtered from this field
