

## Watch Repairing as a Hobby

This volume contains a practical guide to repairing watches as a hobby, designed to furnish the novice enthusiast with an elementary understanding of watches that will enable them to clean them and make minor repairs. Written in simple, concise language and full of handy tips and useful diagrams, this text is ideal for those with an interest in amateur watch maintenance, and makes for a great addition to collections of allied literature. The chapters of this book include: How a Watch Works; Tools and How to Use Them; How to Take Down, Clean, and Reassemble a Watch; Common Ailments of a Watch... and more. This antiquarian book is being republished now complete with a new introduction on the history of clocks and watches.
