SAVE UP TO 75 PERCENT ON PURCHASES OF FINE JEWELRY! Most people who buy diamonds and fine gold jewelry pay a huge markup, as much as 400 percent --even when the items are on sale. But if you're wholesale savvy, you can get the piece--and the price--you want. Read this one-of-a-kind sourcebook and get that special gift at a very special price. How to Buy Jewelry Wholesale covers a variety of treasures--diamonds, gold, silver, and platinum jewelry--and explains, step-by-easy-step, how to get the best price, often a 75 percent savings over the retail price. Learn how to determine the exact quality of the jewelry you wish to purchase, where to go to buy it wholesale, and how to properly document an insurance appraisal. Filled with charts, photos, line drawings, and a complete glossary of terms, How to Buy Jewelry Wholesale will teach you how to shop for jewelry like a professional.
