

Witch Hunter

People don't believe in magic anymore, so that magic is being stolen from them...secretly. Forged in the flames of the Salem witch hunts, Witch Hunter is resurrected 300 years later at the dawn of a new world order to fight the powers that be which hide in the shadows and point the finger of blame at everyone but themselves while stealing all the magic for themselves. He hunts the hunters. Opposing the darkness without being darkened by it, Witch Hunter journeys through this thrill-packed, ongoing adventure and delivers a hip, cutting edge tale laced with irreverence and lots of action. Witch hunts aren't about hunting witches. They never were.
