

Wonder Woman: The Golden Age Omnibus Vol. 1

Wonder Woman, arguably the best-known female superhero in the world, and star of her own monthly comics, was introduced in the early 1940s in these quirky tales written by the inventor of the lie detector, psychologist William Moulton Marston. In these stories, Wonder Woman travels from Paradise Island to Mans World, where she serves as an emissary of peace, using her bracelets and lasso of truth to stop injustice. These stories introduce the mythology of Wonder Woman as she battles the powers of evil--from crooked business owners to Nazi spies. Collects ALL STAR COMICS #8, SENSATION COMICS #1-24 and WONDER WOMAN #1-7.
