

## Workplace Evolution: Common Sense for Uncommon Times

We all know that our world has changed dramatically over the past two years. During these changing times, it is only natural to ask questions and re-think our business-as-usual attitudes and best practices. It is now obvious that we must find a better way to do business. The challenge lies in breaking out of our current me-centered mold to a model that accesses the potential of each and every one of us. Workplace Evolution addresses that challenge. Workplace Evolution causes us to reexamine the way we do business, including practices we have taken for granted that no longer serve people, the bottom line, or the planet. It provides original and straight-forward, yet practical solutions that breathe new life into ethics, community and sustainable profitability. Jackie Barretta, CIO Con-way
